Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a catarrhal remedy, which cures internally and acts through the blood on the mucous surfaces of the system. There are thousands of children who are bright but frail—not sick but underdeveloped—they play with their food—they catch colds easily and do not thrive—they only need the pure, rich liquid food in SCOTT'S EMULSION

to start them growing and keep them going. Children relish SCOTT'S and it carries rare nutritive qualities to their blood streams and gives them flesh, bone-tissue and strength. Nothing harmful in SCOTT'S.
